## Moray Bikeability Scotland Coordinator

**Donna Brown**

**Job title:** Bikeability Scotland Coordinator

**Contact:** [donna.brown@outfitmoray.com](mailto:donna.brown@outfitmoray.com)

Donna has been the Bikeability Scotland coordinator at the outdoor learning and adventure charity, Outfit Moray, for Moray schools since September 2018.

She started as a parent Bikeability Scotland volunteer many years ago, thought it was a great programme, and can hardly believe she's now coordinating Bikeability Scotland activity. Outfit Moray have built a great team of enthusiastic instructors to support and mentor Bikeability Scotland, growing the number of schools involved and pupils trained. There are bikes and helmets available for training, and support on hand for Learn To Cycle and Cycling For SEN pupils to make cycling more accessible. Outfit Moray would ultimately like to give every pupil in the region the opportunity to cycle.

Donna is a Trail Cycle Leader, Cycle Trainer Plus and outdoor first aid qualified.

### **Earliest memory of cycling?**

Persuading my grandpa to run alongside me to help me learn to ride my bike aged 5 or 6.

### **What would you say to a school thinking about participating in Bikeability Scotland?**

Go for it! Biking is a fun, outdoor activity that gives children confidence, resilience and a great skill for life. Help create a safe cycling culture in your school.

### **Best Bikeability Scotland moment?**

Seeing a girl who struggled to ride a bike at first, smiling as she got her Bikeability Scotland Level 2 certificate a few weeks later!

### **Most likely to be heard saying....**

Cover those brakes!
