Catherine has been a Road Safety Coordinator at West Dunbartonshire Council for over 25 years. Cycling is part of her Road Safety remit, and she organises cycle training throughout the year to around 25 schools. She has been with the Bikeability Scotland programme from the beginning and is proud to provide children with an essential life skill.

Earliest memory of cycling?

Both of my younger brothers had Choppers and I'd happily borrow them for a spin around local streets.

What would you say to a school thinking about participating in Bikeability Scotland?

Go for it, the pupils' sense of achievement outweighs your concerns.

Best Bikeability Scotland moment?

Not one in particular, but I always enjoy catching up with the staff.

Most likely to be heard saying....

Check behind you – followed by well done!
